

ShockLog® Cellular GL Quick Start Guide

The ShockLog Cellular GL Module can be combined with a ShockLog 298, enabling users to track assets and monitor impact levels and other environmental conditions via the SpotSee Cloud. This module can be used with any ShockLog 298 device with firmware revision 30 or higher.

ShockLog Set Up

When a ShockLog Cellular GL Module is to be paired with a ShockLog 298, the user must select the Satellite / Cellular option on the Firmware Options page of the ShockLog setup software. This establishes the communication link between the recorder and the cellular module.

ShockLog® Cellular GL Quick Start Guide

SpotSee Cloud

The SpotSee Cloud allows the user to access shipment information anytime, anywhere. By logging into track.spotsee.io users can review journey information, alarm conditions, and asset locations.

Access to Cloud Platform

Each device is shipped with a card containing its “Registration Token.” Users can either scan the QR code or follow the link to register a new device.

New User Set Up

New users will be prompted to set up a user name and password as well as to define some basic preferences.

A screenshot of the "Update Profile" form in the SpotSee application. The form is titled "Update Profile" and includes a red banner that says "Please set your password to proceed". The form fields include: Username (with a user icon), Full Name (with an edit icon), Email (with an email icon), Temperature Scale (a dropdown menu set to "Celsius (°C)"), Date Format (a dropdown menu set to "mm/dd/yyyy (84042024)"), Time Zone (a dropdown menu set to "(UTC -05:00) Eastern Time (US & Canada), Bogota, Lima"), and a checkbox for "Update Password?". Below these fields is a Password field with a strength indicator and a "Generate Password" button. A small note at the bottom states: "Minimum eight (8) characters in length, at least two (2) complexity controls (uppercase letter, lowercase letter, special character), no reuse of previous six (6) passwords".

Returning User Sign On

After a username and password have been established, users can sign in by navigating to track.spotsee.io and signing in.

A screenshot of the SpotSee Sign In page. The page features the SpotSee logo at the top left and a "SIGN IN" button at the top right. The main form has two input fields: "Username" and "Password". The "Password" field has a "Reset Password?" link next to it. Below the password field is a "Remember Me" checkbox. A "Sign In" button is located at the bottom right of the form. At the very bottom of the page, there is a copyright notice: "© Copyright 2024-04-04. All Rights Reserved."
